THE MEDITERRANEAN SEA: MARE NOSTRUM

The summer holiday is a traditional chance to escape to warmer climes... but a Mediterranean voyage with MSC Cruises holds some pleasant surprises. A whole range of itineraries mixing classic cruise destinations with some unexpected gems, offers the very best of a region where East meets West and myth meets modernity.

As the temperature drops and the evenings grow longer and darker, what better remedy than a cruise in the warmth of the Mediterranean? Enjoy sun and fun in Barcelona, relax by lying on the beaches of the Canary islands, or marvelling at Egypt's pyramids.

And when the full heat of summer starts to fade, destinations around the Mediterranean exude a special charm. Gentle breezes carry the fragrance of lavender and spices from the markets of Marseille and Tunis, while the milder temperatures make it the ideal season to explore the wonders of the ancient world, from Rome and Athens to Egypt.

You'll enjoy our special care and attention, all through your holiday.
